My Personal Statement	
I am a BSc Computer Science student at Walter Sisulu University with a strong interest in programming and software development. I enjoy building practical projects and improving my problem-solving skills through coding. I am currently developing my skills in Java, C++, web development, data structures, and algorithms, with the goal of becoming a capable software developer.	
Projects & Practical Experience	
Software	THUSO — Digital GBV Support Platform Developed an MVP focused on digital reporting, support resources and connecting users with help. Link: THUSO Driving School Website Designed and developed a responsive website using HTML and CSS. Link: driving school
Web Development	Computer Science Study Hub Built a study application to support Computer Science learning and revision. Link: Cs study hub
Certificates & Achievements	
<u>NEMISA NPC</u> academic achievement in Microsoft Digital Literacy & Microsoft 101 <u>MTN Digital Innovation Challenge — Top 21 National Exposition</u> Participated in the national innovation programme with the THUSO project.	

education
2025-Present
Walter Sisulu University
BSc Computer Science
2019-2023
Milton Mpfumedzeni Secondary School
Grade 8 – Grade 12
key skills
- Communication - Collaboration - Object-Oriented Programming - Basic Data Structures and Algorithms - Web Development and Deployment
programming languages
- Java - JavaScript - HTML and CSS - C++
